

January 13, 2010

I needed a program that would provide the foundational social understanding that is a prerequisite for learning. Utilizing the curriculum will garner my special education students to better access the general curriculum and life. Currently there is no curriculum for social skills instruction in my program. By using the SocialSmarts/Polite Child curriculum students will be given a variety of tools and techniques to help acquire necessary social and behavioral skills to help them become more equipped socially in their future lives as students and as member to our society.

- Kelly Turner, Teacher
Andrus Elementary School
Boise, Idaho
